Closing a Dust Control Permit

Closing a Permit through the Dust and Miscellaneous Portal

Maricopa County Air Quality Department

September 2021

Closing a Dust Control Permit

In order to close a permit, the user must be connected to the company which holds the permit.

Log in or create an account on the Maricopa County Air Quality Department's (MCAQD) [Dust and Miscellaneous Portal](#). On the left-hand menu, select **My Dust Control Applications**.

About

Home >

Welcome, Gus T. Breeze

- My Dust Control Applications
- My Open Burn Applications
- My Subcontractor Registrations
- My Vapor Tightness Records

Welcome to the Maricopa County Air Quality Department's Dust and Miscellaneous Portal for permit applications, registrations, and notifications.

To complete tasks within the portal, you must first register as a new user or login to your existing account. For best performance, use Google Chrome as your internet browser, and enable pop-ups from maricopa.gov.

For additional assistance, select the **Help** tab located in the upper right-hand corner of the screen.

A public record search for existing application information does not require a user registration or login.

Home | Dust Control | Open Burn | Subcontractor Registration | Tanker Truck Certification (Vapor Decal) | Pay Invoice | Invoices | Help | Profile | Logout

Under Submitted Dust Applications, find the dust control application you wish to close. Select the Dust Application ID. If you cannot find the application you are looking for, contact AQDImpact@maricopa.gov.

In the pop-up window, enter the **Reason for closing permit** and select one or more stabilization methods. Select **Close Permit**.

Reason for closing permit: Project completed

I verify that soil disturbing activities at the location referenced in the Dust Control Permit have ceased. All project soils designated in the Dust Control Permit have been permanently stabilized by the following method(s) or included in a new permit. (Check all that apply):

- Application of gravel cover and/or dust palliative
- Buildings, Landscaping and/or Paving
- Less than 0.10 of an acre (4,356 square feet) disturbed soil remains
- Other method (describe)

Certification by the permit holder: I certify that the information provided in this application and accompanying documents is true, correct and complete to the best of my knowledge.

Close Permit Cancel

You will receive an information message at the top of the screen stating that the dust control permit was successfully closed. The dust application status will also indicate that the permit has been closed.

The screenshot shows the IMPACT system interface for the Maricopa County Air Quality Department. At the top, there is a navigation bar with links for Home, Dust Control, Open Burn, Subcontractor Registration, Tanker Truck Certification (Vapor Decal), Pay Invoice, Invoices, and Help. Below this, a breadcrumb trail shows 'Dust Application Search | My Dust Control Applications | Dust Application Detail'. An information message at the top states 'Successfully closed dust control permit D0027259', with a red arrow pointing to it. Below the message, there are two tables: 'Draft Dust Applications' and 'Submitted Dust Applications'. The 'Submitted Dust Applications' table has a red arrow pointing to the 'Status' column of the first row, which is 'Closed'. The table also includes columns for dates, application numbers, project details, and invoice information.
